

Notice of Head Office Relocation

Please be informed of the relocation of our head office to Toranomom, Minato-ku on July 13, 2020.

Since the merger to form Sumitomo Mitsui DS Asset Management in April last year, we have been working at the Atago Office and Kasumigaseki Office, head offices of merger companies. This relocation to Toranomom finally enables us to consolidate our people into one place.

As we emphasized sustainability as well as accessibility as the base of our global business in office selection, we chose Toranomom Hills Business Tower, which has a new energy supply network and a bus terminal on the first floor where airport limousine buses can arrive and depart, and which is expected to be the new "Gateway to Tokyo".

We believe this relocation will help us to create a flexible work environment that allows all employees to reach their full potential. At the end, as true professionals and the best asset management firm we always rise to the challenge and aim to contribute to our customers' Quality of Life.
